

NOTES AND MEMORANDA

FRANCES WOOD MEMORIAL PRIZE

THE COUNCIL OF the Royal Statistical Society offers the Frances Wood Memorial Prize of fifty guineas for competition in 1965.

As the object of the prize is to encourage young investigators, competitors must be under the age of 35 on 1st January, 1965. It is hoped that this offer of a prize will appeal specially to the younger Fellows of the Royal Statistical Society but it is also open to those who are not Fellows.

The prize is offered for the best investigation, on statistical lines, of any problem, *chosen by the competitor*, which bears directly or indirectly upon economic or social conditions. If there exists any doubt about the suitability of a subject, inquiry should be made of the honorary secretaries who will seek the views of the council and advise accordingly.

For further information, application should be made to the Honorary Secretaries of the Royal Statistical Society, 21, Bentinck Street, London, W.1. The closing date for entries is 31st December, 1965.

RECENT ADDITIONS TO THE LIBRARY

- Census, 1961.* England and Wales. *Age, Marital Condition and General Tables.* 1964. Pp. 108.
